

UNIFLOR

Unión de Floricultores de Costa Rica

MISIÓN

Representar y apoyar al sector productor - exportador de flores y follajes costarricenses, para lograr su fortalecimiento y su desarrollo competitivo en los mercados internacionales; siendo generadores constantes de empleo y divisas para el país.

VISIÓN

Seremos identificados como un grupo organizado, luchando por los intereses gremiales, encaminados a incrementar las ventas y rentabilidad de las empresas, promoviendo productos diferenciados, y con gran compromiso de responsabilidad social y ambiental.

A close-up photograph of several large, green, elongated leaves, possibly from a banana plant, showing prominent parallel veins. The leaves are layered, with some in the foreground and others slightly behind, creating a sense of depth. The lighting is soft, highlighting the texture of the leaf surfaces. Overlaid on the center of the image is the text '¿Quiénes somos?' in a bold, white, sans-serif font.

¿Quiénes somos?

floreals.a.

Founded in 1984, the Company is today, an experienced source of foliage from Costa Rica. These leaves are exported in refrigerated sea containers to Japan and several European countries and by air to the Middle East, USA, and the Caribbean. Make your flowers excel accompanied by foliage from Floreal S.A.

Orchimex was founded in 1991.

Our name ORCHIMEX stands for Orchids import and export. We are committed to superior quality products that meet international standards.

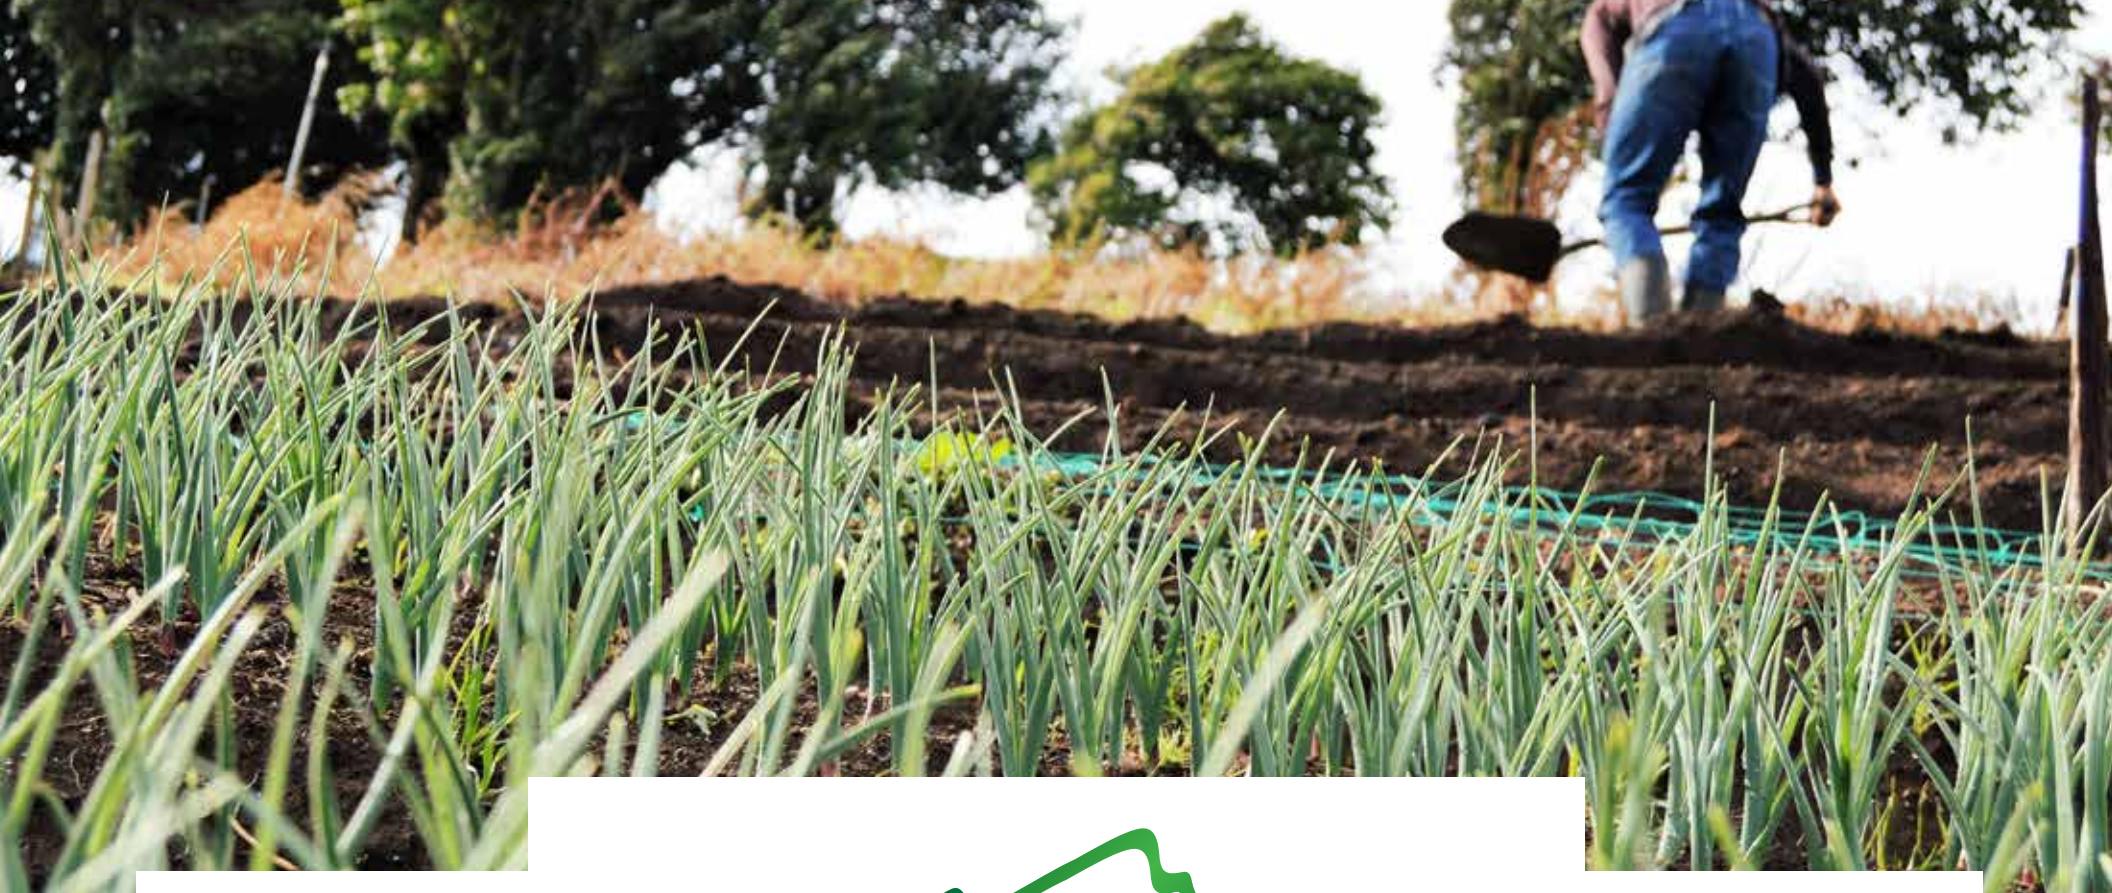

Using the best thai traditions and growing knowledge and care of orchid plants, combined with modern Costa Rican agricultural practices, we have researched, developed and instituted better production systems, giving us the technical expertise to produce a superior quality flower spray.

Del Rio is a company committed to environmental preservation, efficiency and high performance. Our main objective is QUALITY. We are proud of our excellent selection; quality control and packing process that allow us to deliver the highest quality flowers that satisfy our clients specific needs.

Obashe, S.A., started growing tropical flowers and foliage in March 1986. The farm is located in Limón, in the Atlantic Coast of Costa Rica. This area is where the Tropical Rainforest is located. It is 140meters above the sea level. It has an average temperature of 30°C all the year. Obashe made its first export to Florida, United States in 1986, and now we export to some other states in the US, Canada and some other countries in Europe.
